

# Brownstone Brooklyn Rental Market Update

Brownstone Brooklyn has experienced a massive increase in supply of housing units over the last decade. With more than 25,000 units supplied to date, and even more either with approved plans or already under construction scheduled to come to market.

**11,000  
ADDITIONAL UNITS TO BE  
DELIVERED BY 2019**

In addition to the new supply, for the first time in history, renters can have all the luxury and amenities of new construction, and still be just a stones throw from the feel and charm of historic brownstone Brooklyn.

**65%  
SHARE OF UNITS COMING  
TO MARKET DOWNTOWN**

After continued and steady growth in rent income, for the first time in years, Brownstone Brooklyn landlords are beginning to see market rents for new incoming tenants lower than those for tenants exiting for the new construction.

**-1.85%  
Y-O-Y CHANGE IN MAY'S  
AVG BROOKLYN RENTS**

How do you, as a "Neighborhood Boutique Landlord," compete with the new major developments?
